

How to contact health care in Oskarshamn starting 1 October 2025

You will no longer be able to go directly to the emergency department at Oskarshamn Hospital on your own. If you have a need for urgent care, you may be referred to the emergency department after being assessed by a health care centre or by calling 1177. You can also be admitted to the emergency department via ambulance.

How to seek care

Weekdays 07:30 a.m. - 05:00 p.m.

- Call your health care centre.
- Your health care centre can also help you with urgent conditions that are not life-threatening.
- Staff at the health care centre will assess whether you need hospital care.

Evenings and nights

- Call 1177 when the health care centre is closed.
- 1177 will assess whether you need to go to a health care centre the next day, directly to the emergency department, or whether you can manage your condition with self-care.

Saturdays, Sundays and public holidays

- Call 1177.
- 1177 will assess whether you need to go to the weekend health care centre, emergency department, or whether you can manage your condition with self-care.
- The weekend health care centre is located in the Blå Kusten premises, level 6 of the hospital.

Opening hours: Saturday 9:00 AM–10:00 PM and Sunday and public holidays (red day) 9:00 AM–9:00 PM.

In case of life-threatening or serious conditions – always call 112!
